The purpose of this rule making is to remove outdated modes of communication and to reduce adverse impacts to the regulated community. In a joint rulemaking effort, the Lieutenant Governor's office and Ohio EPA have identified instances where outdated modes of communication, such as paper mail, facsimile, or newspaper, are required. Also identified were rules that contained the requirement for regulated entities to submit multiple copies of a document. To reduce adverse impacts to regulated entities and to provide modern options, Ohio EPA is releasing drafts containing only amendments to those instances.

The public comment period will run until December 3, 2021. A public hearing on this proposed rulemaking will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code.

Ohio EPA will be holding an in-person and virtual public hearing on the rules on December 3, 2021 at 11:00am.
