

BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY
PUBLIC NOTICE OF PROPOSED RULE-MAKING
GOVERNING HAZARDOUS WASTE MANAGEMENT

Why is Ohio EPA proposing these rules?

The primary purpose of this proposed rule-making is to adopt rules consistent with and equivalent to regulations adopted by the U.S. Environmental Protection Agency (U.S. EPA) pursuant to the Resource Conservation and Recovery Act (RCRA). Specifically, these rules are amended pursuant to the RCRA rules addressed by the following Federal Registers (FRs) regarding U.S. EPA's hazardous waste rule-making:

| | |
|---|--|
| FR 05/14/2001 at 66 FR 24270 | National emissions standards for hazardous air pollutants (NESHAP) (RCRA portion only): Standards for hazardous air pollutants for hazardous waste combustors (also known as the NIC rule) |
| FR 02/13/2002 at 67 FR 6792 | Hazardous air pollutant standards for combustors- interim standards |
| FR 12/19/2002 at 67 FR 77687 | NESHAP correction |
| FR 07/30/2003 at 68 FR 44659 | Recycled used oil management standards |
| FR 04/22/2004 at 69 FR 21737, FR 10/25/2004 at 69 FR 62217 | National environmental performance track program, and its correction |
| FR 02/24/2005 at 70 FR 9138, FR 6/16/2005 at 70 FR 35032 | Dyes and pigment production wastes (K181), and its correction |
| FR 03/04/2005 at 70 FR 10775, FR 06/16/2005 at 70 FR 35034 | Manifest system rule, and its correction |
| FR 06/14/2005 at 70 FR 34537 * | Methods innovation rule and SW-846 final updates IIIB |
| FR 10/04/2005 at 70 FR 57769 | Revision of wastewater treatment exemption for hazardous waste mixtures (also known as the headworks exemption rule) |
| FR 10/12/2005 at 70 FR 59401 * | Final standards for hazardous air pollutants for hazardous waste combustors (Phase I final replacement standards and Phase II) (also known as BIF/MACT corrections) |
| FR 07/14/2006 at 71 FR 40254 * | Hazardous waste and used oil management, corrections to 40 CFR |

* Please note that Ohio EPA is not addressing all of the regulatory components of this particular federal rule-making; at this time, we are not proposing some components. For the Methods innovation rule and the BIF/MACT corrections rule, the provisions we're not proposing are those in 40 CFR Parts 264 and 265, subparts AA, BB, and CC, which are not yet included in Ohio's hazardous waste management program. For the 40 CFR Corrections Rule, the federal rules amended by this FR are so many that we're breaking up Ohio's adoption of the corrections into a number of rule-makings over the next several years. This is the first portion of the Corrections Rule addressed in Ohio rule-making.

Several of these proposed Ohio rules are also amended to address cross-referencing requirements within rules. This proposal includes corrections and clarifications that are not directly included in the federal hazardous waste rules, but which are necessary to the Ohio rules to maintain the internal consistency (in wording, references, and format) of the Ohio hazardous waste management program. Many of these rules were also reviewed and amended pursuant to Ohio Revised Code (ORC) section 119.032, which requires Ohio EPA to review certain rules every five years.

What rules are we proposing to amend?

What is the relationship of this proposal to Ohio EPA DHWM's "Set I-b" rules that I've been watching for?

The rules listed above constitute about one third of the Set I-b rules package that you might have seen when they were released in draft form in March 2007. Set I-b contains over 100 rules, so we broke it into three separate proposal groups (A, B, and C) so that the public, the regulated community, and JCARR are not overwhelmed with that volume of rules to review all at once in a short time-frame. Today's proposal is the **first proposal group**, known as **Set I-b:A** and it will be followed in about three weeks by the second proposal (Set I-b:B), and about three weeks after that by the third proposal (Set I-b:C), each of which will contain 26 to 41 rules. Although these rules will have three proposal dates, it is our intent to give all of the rules in the three proposals the same effective date when they are adopted (look for the public notice of adoption). If you need more information about this phased proposal approach, please call Kit Arthur at the number shown at the end of this notice.

When can I tell Ohio EPA what I think about these proposed rule amendments?

A public hearing pursuant to ORC sections 119.02 through 119.04 will be conducted on Thursday, September 11, 2008 at 1:30pm in conference center room C at the Ohio Environmental Protection Agency, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio. All interested parties are entitled to attend or be represented and give their written or verbal comments on this proposed rule-making. A presiding officer will be present until 2:30pm or until all interested parties have been heard if that time interval is insufficient.

If you plan to attend the hearing, please be aware that all visitors to Ohio EPA must register at the security desk in the lobby upon arrival. Please bring photo identification (e.g., a valid driver's license); it is a requirement for building admittance. For security reasons, visitors are required to wear their badge at all times while in the building. Please arrive a few minutes early to complete security procedures.

How and when do I provide my comments to Ohio EPA on these proposed rules?
