This rule provides nineteen definitions associated with O.A.C. Chapter 4766-2,

entitled Ambulances, which sets forth the conditions under which the State Board of Emergency Medical, Fire, and Transportation Services (EMFTS) may approve, renew, or deny an application to operate a medical transportation organization (MTO) and sets license and permit fees. The definitions for this chapter relate to standards for MTO organizations, including record-keeping, health and safety requirements, communications, vehicle maintenance, inspections, investigations, and disciplinary grounds. O.A.C. rule 4766-2-01 has been revised to replace "Ohio medical transportation board" with "state board" or "emergency medical, fire, and transportation services" (EMFTS) due to the merger of the two organizations into the State Board of EMFTS in 2014. The definitions were revised for consistency and to replace the term "licensee" with "licensed MTO." EMS provider titles were changed to align with the national EMS provider titles. Ten definitions were added; two definitions were deleted; and five definitions were revised.
