## Hearing Summary Report

### **Consolidated Summary of Comments Received**

Please review all comments received and complete a consolidated summary paragraph of the comments and indicate the rule number(s).

---

The Cleveland Clinic Neurological Institute urged Ohio Medicaid "to follow the example of CMS and update its coverage policy for oxygen therapy for cluster headache as soon as possible."

OAMES simply states that it "supports the changes to the oxygen rule [5160-10-13] as proposed today by the Department...."

## Hearing Summary Report

### **Incorporated Comments into Rule(s)**

Indicate how comments received during the hearing process were incorporated into the rule(s).  
If no comments were incorporated, explain why not.

---

Coverage of oxygen for the treatment of cluster headaches was already included in paragraph (A)(3) of the proposed rule. For prior authorization purposes, such "Group III" conditions are reported on the certificate of medical necessity as a diagnosis code.

The Ohio Department of Medicaid appreciates the support of OAMES.
