

Common Sense Initiative

Mike DeWine, *Governor*
Jon Husted, *Lt. Governor*

Joseph Baker, *Director*

Business Impact Analysis

Agency, Board, or Commission Name: Ohio Casino Control Commission (“Commission”)

Rule Contact Name and Contact Information: Andromeda Morrison, 614-387-5616, rulecomments@casinocontrol.ohio.gov

Regulation/Package Title (a general description of the rules’ substantive content):

General Licensing Requirements 3775-4-01

Rule Number(s): 3775-4-01 (amendment)

Date of Submission for CSI Review: September 18, 2024

Public Comment Period End Date: October 2, 2024

Rule Type/Number of Rules:

New/ 0 rules

No Change/ 0 rules (FYR? N/A)

Amended/ 1 rule (FYR? No)

Rescinded/ 0 rules (FYR? N/A)

The Common Sense Initiative is established in R.C. 107.61 to eliminate excessive and duplicative rules and regulations that stand in the way of job creation. Under the Common Sense Initiative, agencies must balance the critical objectives of regulations that have an adverse impact on business with the costs of compliance by the regulated parties. Agencies should promote transparency, responsiveness, predictability, and flexibility while developing regulations that are fair and easy to follow. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

77 SOUTH HIGH STREET | 30TH FLOOR | COLUMBUS, OHIO 43215-6117

CSIPublicComments@governor.ohio.gov

Reason for Submission

- 1. R.C. 106.03 and 106.031 require agencies, when reviewing a rule, to determine whether the rule has an adverse impact on businesses as defined by R.C. 107.52. If the agency determines that it does, it must complete a business impact analysis and submit the rule for CSI review.**

Which adverse impact(s) to businesses has the agency determined the rule(s) create?

The rule(s):

- a. Requires a license, permit, or any other prior authorization to engage in or operate a line of business.**
- b. Imposes a criminal penalty, a civil penalty, or another sanction, or creates a cause of action for failure to comply with its terms.**
- c. Requires specific expenditures or the report of information as a condition of compliance.**
- d. Is likely to directly reduce the revenue or increase the expenses of the lines of business to which it will apply or applies.**

Regulatory Intent

- 2. Please briefly describe the draft regulation in plain language.**

Please include the key provisions of the regulation as well as any proposed amendments.

3775-4-01, titled “General licensing requirements” This states the generally applicable licensing requirements for proprietors, service providers, suppliers, employees, and hosts. Most of the provisions are echoed in statute, including provisions stating the entities must be licensed, obtain a background check, update the Commission of material changes, and display licenses. The rule also allows the Commission to rely on investigations conducted under R.C. Chapters 3770 and 3772 in the issuance of the licenses, creating administrative efficiencies for both applicants and the Commission. However, the rule still requires applicants to submit fingerprints to the Commission for the purpose of conducting a criminal records check. The proposed amendment would allow the Commission to rely on a criminal records check performed by the Ohio Lottery Commission when an applicant for a sports gaming license has a video lottery license issued under Chapter 3770, or a license issued under Chapter 3772 of the Revised Code, allowing the Commission to process licenses in weeks rather than months.

- 3. Please list the Ohio statute(s) that authorize the agency, board or commission to adopt the rule(s) and the statute(s) that amplify that authority.**

R.C. 3770.25, 3775.02, 3775.03, 3775.04, and 3775.07.

- 4. Does the regulation implement a federal requirement? Is the proposed regulation being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal law or to participate in a federal program?**

If yes, please briefly explain the source and substance of the federal requirement.

Not applicable.

- 5. If the regulation implements a federal requirement, but includes provisions not specifically required by the federal government, please explain the rationale for exceeding the federal requirement.**

This question is not applicable because the federal government does not regulate sports gaming in this state. Rather, sports gaming is permitted and controlled by Ohio's Sports Gaming Control Act (i.e., R.C. Chapter 3775).

- 6. What is the public purpose for this regulation (i.e., why does the Agency feel that there needs to be any regulation in this area at all)?**

R.C. Chapter 3775 requires the Commission to ensure the integrity of sports gaming and to prescribe rules for how sports gaming should be conducted, including rules related to licensing. To ensure the integrity of sports gaming and the requirements of R.C. Chapters 3770, 3772, and 3775, it is imperative to ensure individuals meet licensing requirements enumerated in the statutes.

- 7. How will the Agency measure the success of this regulation in terms of outputs and/or outcomes?**

Overall, the Commission will measure the success of these rules in terms of whether they help the Commission meet its statutory mission to ensure the integrity of sports gaming. This can be done in two ways: first, through evaluating whether the public benefit of implementing and enforcing these rules outweigh their administrative and business costs. And second, through analyzing the regulated community's comments about requests for amendments to the rules or for waivers or variances to or from the rules.

- 8. Are any of the proposed rules contained in this rule package being submitted pursuant to R.C. 101.352, 101.353, 106.032, 121.93, or 121.931?**

If yes, please specify the rule number(s), the specific R.C. section requiring this submission, and a detailed explanation.

No.

Development of the Regulation

- 9. Please list the stakeholders included by the Agency in the development or initial review of the draft regulation.**

If applicable, please include the date and medium by which the stakeholders were initially contacted.

Stakeholders were provided with an informal comment period via email on the subject amendment on September 3, 2024, with a comment deadline of September 17, 2024. See Exhibits A and B. The stakeholders included employees or representatives from sports gaming proprietors, suppliers, operators, and Type C sports gaming hosts. See Exhibit B. Finally, stakeholders had the opportunity to comment during the Commission's public meeting on September 18, 2024.

10. What input was provided by the stakeholders, and how did that input affect the draft regulation being proposed by the Agency?

The Commission received a letter in support of the proposed amendment from one stakeholder. On September 16, 2024, FanDuel Inc. stated that they supported the change, specifically stating that additional fingerprinting for those licensees who have already been subject to Ohio licensing requirements places additional burdens on the administrative process. See Exhibit C. Because the input was in support of the proposed amendment, the Commission did not alter the proposed amendment.

11. What scientific data was used to develop the rule or the measurable outcomes of the rule? How does this data support the regulation being proposed?

This question does not apply to this rule because no scientific data was necessary to develop or measure the outcome. Instead, Commission staff reviewed the Commission’s statutory mandates, the rules currently in effect, and how other jurisdictions approached the topics in this rule. Further, staff considered whether existing rules were the most efficient means by which to maintain the integrity of sports gaming and whether any requests for amendments, waivers, or variances had been requested or granted to the regulated community. In so doing, the Commission was able to use, as much as possible, rules the regulated community is accustomed to in other jurisdictions, with minor adaptations to remain in compliance with Ohio law and the Commission’s general procedures.

12. What alternative regulations (or specific provisions within the regulation) did the Agency consider, and why did it determine that these alternatives were not appropriate? If none, why didn’t the Agency consider regulatory alternatives? *Alternative regulations may include performance-based regulations, which define the required outcome, but do not dictate the process the regulated stakeholders must use to comply.*

When first adopting this rule, Commission staff carefully reviewed and gave thorough consideration to the rules adopted in other jurisdictions. In reviewing the rules, staff considered past practices of the Commission, any comments on the rules, any waivers or variances to existing rules that had been requested and granted, and current trends in the regulatory environment. As such, the rule is a conglomeration of the rules used in other jurisdictions with adaptations made for Ohio law and current industry trends.

13. What measures did the Agency take to ensure that this regulation does not duplicate an existing Ohio regulation?

This question largely does not apply because no other regulation in these areas currently exist with respect to sports gaming. However, after enacting the rules in compliance with H.B. 29 of the 134th General Assembly, as well as experiencing the market’s demand for individuals with sports gaming licenses, the Commission is offering the proposed amendment to remove an overly burdensome requirement that arose as a result of the statutory requirements. Specifically, the Commission is streamlining licensure for those who have already undergone a background check and been licensed under R.C. 3770 or 3772. With this amendment, the Commission will maintain a requirement for a background check with an application for an

individual's sports gaming license while streamlining the licensing process. This will eliminate a burden on the regulated community. The amendment is also consistent with Ohio Adm.Code 3775-4-09(G), which provides that those licensed under R.C. 3770 or 3772 are not required to satisfy the same or substantially similar requirement for the sports gaming license that the applicant satisfied in order to obtain the license issued under R.C. 3770 or 3772.

14. Please describe the Agency's plan for implementation of the regulation, including any measures to ensure that the regulation is applied consistently and predictably for the regulated community.

The Commission ensures any issues that arise are funneled through the respective division director and vetted with the Legal Division before being brought to the Executive Director, so that he can coordinate a consistent response and have staff conduct outreach to the regulated community. Specifically, those issues related to licensing are handled by the Commission's licensing staff, which is overseen by a single director in the Commission's central office. Moreover, the issuance, denial, or sanctioning of any license (other than the issuance of provisional licenses) can only be approved by the Commission at a public meeting through a vote. Therefore, the regulated community can expect consistent and transparent licensing work from the Commission.

Adverse Impact to Business

15. Provide a summary of the estimated cost of compliance with the rule(s). Specifically, please do the following:

a. Identify the scope of the impacted business community, and

The regulated business community consists of those engaged in the industry of sports gaming in the State of Ohio, specifically, Type C sports gaming hosts, proprietor licensees, and those individuals seeking or in receipt of a sports gaming license.

b. Quantify and identify the nature of all adverse impact (e.g., fees, fines, employer time for compliance, etc.).

The adverse impact can be quantified in terms of dollars, hours to comply, or other factors; and may be estimated for the entire regulated population or for a representative business. Please include the source for your information/estimated impact.

The Commission anticipates a minimal impact on business from this rule, primarily relating to the employee time and payroll necessary to submit the information required under the rule to obtain licensure. This includes costs related to submitting applications, forms, and duties to update, as well as costs related to displaying licenses. However, R.C. 3775.03 requires all persons covered by this rule to obtain a license and submit updates to the Commission within ten days of the occurrence of any material event or change to display licenses. As such, the Commission does not anticipate material adverse impacts to business, as the rule simply lays out provisions required by statute. Any impacts are further justified

by the need to ensure that persons involved in gaming are suitable and qualified for licensure, ensuring that gaming in Ohio is conducted with integrity.

16. Are there any proposed changes to the rules that will reduce a regulatory burden imposed on the business community? Please identify. (*Reductions in regulatory burden may include streamlining reporting processes, simplifying rules to improve readability, eliminating requirements, reducing compliance time or fees, or other related factors*).

The Commission anticipates a reduction in the regulatory burden by accepting the background check from an active license issued under Chapter 3770 or 3772 of the Revised Code because it will expedite the licensing process for individuals seeking a sports gaming license. This will reduce the time periods experienced as a result of needing an additional background check from months to weeks, reducing the regulatory burden imposed on the business community. This enables both individuals to be employed and proprietors to fill vacant jobs.

17. Why did the Agency determine that the regulatory intent justifies the adverse impact to the regulated business community?

The regulatory intent justifies any adverse impact because the Commission is statutorily required to ensure the integrity of sports gaming, specifically by licensing, regulating, investigating, and penalizing those involved in sports gaming in a manner consistent with the Commission's authority to do the same with respect to casino gaming. Moreover, Ohio law gives the Commission broad authority to adopt rules and to ensure compliance with various duties assigned by R.C. Chapter 3775, including licensure. As such, any business impact is justified as statutorily contemplated.

Moreover, the regulatory intent justifies any adverse impact because sports gaming is a highly regulated industry and is accustomed to detailed regulations in every jurisdiction. Unregulated gaming poses a threat to the public welfare and raises the potential for fraud and abuse. To mitigate these threats, the Commission, like other gaming regulatory bodies, is using its regulatory authority to establish a best practice framework in consultation with the regulated community.

Regulatory Flexibility

18. Does the regulation provide any exemptions or alternative means of compliance for small businesses? Please explain.

Yes, these rules provide exemption or alternative means of compliance through Ohio Adm. Code 3775-1-04, which permits the Commission, upon written request, to grant waivers and variances from the rules adopted under R.C. Chapter 3775, including these rules, if doing so is in the best interest of the public and will maintain the integrity of sports gaming in the State of Ohio.

19. How will the agency apply Ohio Revised Code section 119.14 (waiver of fines and penalties for paperwork violations and first-time offenders) into implementation of the regulation?

To the extent R.C. 119.14 would apply to a violation of these rules, the Commission will provide verbal and written notification to the small business to correct the paperwork violation. Thereafter, the Commission would allow the small business a reasonable amount of time to correct the violation. The Commission and its staff would also offer any additional assistance necessary to aid in remediation of the violation. No administrative action would be taken unless the small business fails to remedy the violation within the reasonable time allotted by the Commission.

20. What resources are available to assist small businesses with compliance of the regulation?

The Commission and its staff are dedicated to working with members of the regulated community and the public to effectively and efficiently regulate sports gaming in this state. As a result, the following resources are available:

- Commission's mailing address:
100 E. Broad Street, 20th Floor
Columbus, Ohio 43215
- Commission's toll free telephone number: (855) 800-0058
- Commission's fax number: (614) 485-1007
- Commission's website: <http://www.casinocontrol.ohio.gov/>
- Commission's email: info@casinocontrol.ohio.gov and sportsgaming@casinocontrol.ohio.gov

Also, all members of the regulated community and public may, in accordance with rule 3772-2-04, request to address the Commission during a public meeting. Finally, all members of the regulated community may, pursuant to rule 3775-1-04, request waivers and variances from Commission regulations.

Subject: Sports Gaming Rule for Comment
Date: Tuesday, September 3, 2024 4:22:35 PM

[View this email in your browser](#)

Sports Gaming Stakeholders,

The Commission is proposing an amendment to one Sports Gaming rule: Ohio Adm. Code 3775-4-01, general licensing requirements. The change is intended to provide applicants for a sports gaming employee license faster processing times by not requiring applicants who hold a license described in R.C. 3775.06(A)(3) to submit fingerprints and undergo an additional background check. The proposed version of this rule can be found [here](#).

As always, please feel free to forward this communication to anyone else you think may be interested in this rule. If you would like to unsubscribe from this listserv, you may do so using the link located at the bottom of this email.

We understand that you may have questions or would like additional information before commenting, and if that is the case, we encourage you to reach out to your normal contacts at the Commission at your earliest convenience.

If, in the end, you would like to provide formal written comments, please email them to the Commission at rulecomments@casinocontrol.ohio.gov by **9:00 A.M. EST on September 17.**

While you will have some additional chances to comment on this rule, including when it is filed with the state's Common Sense Initiative Office, please note that it is much easier for the Commission and for stakeholders to work out any questions or comments directly before the rule starts the formal rule filing process.

Matt Schuler, Executive Director
Ohio Casino Control Commission
100 East Broad Street, 20th Floor
Columbus, OH 43215

Re: FanDuel comments on proposed amendment to “Ohio Adm. Code 3775-4-01.”

Dear Executive Director Schuler:

I write to provide comments on behalf of FanDuel Group, Inc. (“FanDuel”) regarding the Ohio Casino Control Commission’s (the “Commission”) proposed amendments to Sports Gaming rule 3775-4-01 – General Licensing Requirements (the “Rule”). Based on our extensive experience as an operator in the sports betting industry and a collaborator with regulators of sports wagering in many states in the development of their regulations, we offer our full support to this proposed regulation. We thank the Commission for proposing this regulation and affording stakeholders the opportunity to provide comments on the Rule.

Licensing applications and investigations are an important step in safeguarding sports wagering and protecting customers. FanDuel supports the use of fingerprinting and background checks for initial licensure to ensure that those who wish to operate in this industry are suitable to do so. Further, we agree with the Commission’s determination that additional fingerprinting and background checks for individuals who have already been subject to Ohio licensing requirements unnecessarily burdens the licensing process. This rule change will positively impact the Ohio sports wagering landscape by responsibly easing the administrative burden on both the Commission and the industry.

We appreciate your time and consideration of our comments of support and would be happy to discuss them at your convenience.

Sincerely,

Cory Fox
Vice President for Product and New Market Compliance
