MEMORANDUM OF RESPONSE

The Board of Building Standards (Board) has reviewed the response from the CSI Office regarding rule 4101:1-9-01. The CSI Office provided no recommendations regarding this proposed rule and concluded that the Board should proceed with formal filing with JCARR. The Board is filing the proposed rule accordingly.

Modifications to this rule have been made since the rule was posted for review and filed with the CSI Office. Section 907.6.3 has been modified to clarify when fire alarm system are required.

The Board does not estimate an increased cost to the business community to comply with this rule due to the modifications listed above. The modification will reduce cost when installing non-required fire alarm systems.
